

The CPU600, designed by the Humanscale Design Studio, sets a new standard for CPU holders. It protects your valuable technology investment while making the CPU's cables, ports and drives readily accessible. It offers the quickest and easiest installation on the market, which saves both time and money. And it easily adjusts to accommodate mini CPUs, full-size towers and everything in between.

Features/Specifications

- Adjusts to fit CPUs 3" to 10" wide by 12" to 20" high
- Proprietary Quick Lock offers quick and easy installation
- Slides smoothly on nylon glides in 16" track
- Rotates a full 360 degrees for complete access to cables and ports
- Adjustable mounting plate centers CPU under track for perfect balance
- Made predominantly of aluminium, with steel and polypropylene
- Contains 90% recycled content and is 100% recyclable

Recognized by I.D. Magazine as one of the 10 "Best Companies" worldwide that help push design forward.
