

# Advantage-Single

Adjustable Keyboards - Preconfigured Systems

## Reversible swivel out mouse platform system adapts to all users

This system features our Advantage-Single platform with right hand swivel out mouse surface combined with our Pinnacle 2™ Value arm. The efficient design of the mouse platform reduces the incidence of lifting and repositioning the mouse, a factor in repetitive stress injuries.

*Reposition mouse platform on left side using simple tools*

*Pinnacle 2 Arm provides -15° to +10° tilt*

*Includes tilt indicator gauge for accurate tilt adjustment*

*Ergonomically designed knob provides easy tilt adjustment*

**Adjustability** – Equipped with a Pinnacle 2 Value adjustable keyboard arm with:

- No-knob, no-lever height adjustment
- Dual adjustable lift-assist springs provide optimal balance and smooth movement

**Adaptable** – The 1/4" Ultra-Thin™ phenolic platform minimizes the distance between the forearm and thigh, providing a greater range of ergonomic fit. The Advantage-Single keyboard platform also features the Optimizer™ with built-in document holder and cord manager.

**Functional** – The Advantage-Single System is adaptable to fit virtually all workstation shape and size requirements.

**Durability** – The Advantage-Single System meets or exceeds the ANSI/BIFMA standards for performance, durability, and cycle testing, and is backed by WorkRite's Limited Lifetime Warranty.

*At WorkRite we believe that every body has a right to work comfortably and safely for maximum productivity. You can trust WorkRite - as 75% of Fortune 100 companies have - to create innovative solutions that flex to the diverse range of user needs, preferences and settings at work today.*

# Advantage-Single

Adjustable Keyboards - Preconfigured Systems
